Tall Ships Cruise in Company

In 2017 the Tall Ships Race is taking place in the Baltic Sea. This renowned International Youth Event will see thousands of young people from across the globe taking part in an iconic sailing adventure. Dozens of Sail Training vessels ranging from massive 4 masted square riggers down to 10m sloops will be taking part. For more information have a look at the race website.

As part of this event all the sail training yachts undertake a Cruise in Company from Kotka to Turku (both in Finland). This is a cruise and not a race and is an opportunity to explore the Finnish coast and enjoy the race atmosphere at the start and end of the voyage.

Adventures Offshore's sail training yacht 'Ocean Scout' is sailing in the Baltic and taking part in the Tall Ships Races. She is undertaking the cruise in company and there are still berths available on the cruise in company. www.adventuresoffshore.co.uk/

Any Essex, Norfolk or Suffolk Explorer, Network or Leader can apply for a berth on the Cruise in Company if they will be aged over 16 on the 22nd July 2017.

- Sat 15th July fly to Kotka, return to Uk Sat 22nd July from Turku.
- Cost of a berth is £250 which includes all food and use of good quality wet weather clothing.
- This excludes air fares, travel to/from the airports and personal spending while ashore.
- No experience necessary – open to complete novices or experienced sailors.
- A good opportunity to build up sea miles.
- Suitable as a DofE Award Gold Residential.

For more information or to book a berth please contact the Adventures Offshore office or Operations Manager on 01206 385071 or at sailing@adventuresoffshore.co.uk.

Ocean Scout is a 15m purpose built Oyster yacht

Adventures Offshore is a part of the Scout Association and is a Scout District in its own right. This is what they say about Tall Ships Races :-

"Adventures Offshore supports the Tall Ships Race because we feel it is a unique opportunity for young people of many nationalities to meet in both a competitive and social environment.

There is no doubt that for those who participate this is a milestone event that they talk about for many years "
